## 48.16 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendments en bloc submitted by Mr. ARCHER:

Amendment No. 2, offered by Mr. TALENT:

Page 6, after line 3, insert the following:

**SEC. 100. SENSE OF THE CONGRESS.**

It is the sense of the Congress that—

(1) marriage is the foundation of a successful society;

(2) marriage is an essential social institution which promotes the interests of children and society at large;

(3) the negative consequences of an out-of-wedlock birth on the child, the mother, and society are well documented as follows:

(A) the illegitimacy rate among black Americans was 26 percent in 1965, but today the rate is 68 percent and climbing;

(B) the illegitimacy rate among white Americans has risen tenfold, from 2.29 percent in 1960 to 22 percent today;

(C) the total of all out-of-wedlock births between 1970 and 1991 has risen from 10 percent to 30 percent and if the current trend continues 50 percent of all births by the year 2015 will be out-of-wedlock;

(D) ¾ of illegitimate births among whites are to women with a high school education or less;

(E) the 1-parent family is 6 times more likely to be poor than the 2-parent family;

(F) children born into families receiving welfare assistance are 3 times more likely than children not born into families receiving welfare to be on welfare when they reach adulthood;

(G) teenage single parent mothering is the single biggest contributor to low birth weight babies;

(D) children born out-of-wedlock are more likely to experience low verbal cognitive attainment, child abuse, and neglect;

(I) young people from single parent or step-parent families are 2 to 3 times more likely to have emotional or behavioral problems than those from intact families;

(J) young white women who were raised in a single parent family are more than twice as likely to have children out-of-wedlock and to become parents as teenagers, and almost twice as likely to have their marriages end in divorce, as are children from 2-parent families;

(K) the younger the single parent mother, the less likely she is to finish high school;

(L) young women who have children before finishing high school are more likely to receive welfare assistance for a longer period of time;

(M) between 1985 and 1990, the public cost of births to teenage mothers under the aid to families with dependent children program, the food stamp program, and the medicaid program has been estimated at \$120,000,000,000;

(N) the absence of a father in the life of a child has a negative effect on school performance and peer adjustment;

(O) the likelihood that a young black man will engage in criminal activities doubles if he is raised without a father and triples if he lives in a neighborhood with a high concentration of single parent families; and

(P) the greater the incidence of single parent families in a neighborhood, the higher the incidence of violent crime and burglary; and

(4) in light of this demonstration of the crisis in our Nation, the reduction of out-of-wedlock births is an important government interest and the policy contained in provisions of this title address the crisis.

Amend the table of contents accordingly.

Page 85, after line 15, insert the following:

**SEC. 205. SENSE OF THE CONGRESS REGARDING TIMELY ADOPTION OF CHILDREN.**

It is the sense of the Congress that—

(1) too many children who wish to be adopted are spending inordinate amounts of time in foster care;

(2) there is an urgent need for States to increase the number of waiting children being adopted in a timely and lawful manner;

(3) States should allocate sufficient funds under this title for adoption assistance and medical assistance to encourage more families to adopt children who otherwise would languish in the foster care system for a period that many experts consider detrimental to their development;

(4) when it is necessary for a State to remove a child from the home of the child's biological parents, the State should strive—

(A) to provide the child with a single foster care placement and a single coordinated case team; and

(B) to conclude an adoption of the child, when adoption is the goal of the child and the State, within one year of the child's placement in foster care; and

Modifications to the amendments en bloc offered by Mr. ARCHER:

Amendment No. 4, as modified, offered by Mr. HYDE: (1) Page 8, line 15, strike "births", and insert "pregnancies."

(2) Page 8, lines 24 and 25, strike "and health services"

Amendment No. 12, as modified, offered by Mr. BURTON of Indiana: Page 85, after line 15, insert the following:

**SEC. 205. SENSE OF THE CONGRESS REGARDING TIMELY ADOPTION OF CHILDREN.**

It is the sense of the Congress that—

(1) too many children who wish to be adopted are spending inordinate amounts of time in foster care;

(2) there is an urgent need for States to increase the number of waiting children being adopted in a timely and lawful manner.

(3) Studies have shown that States spend an excess of \$15,000 each year on each special needs child in foster care, and would save significant amounts of money if they offered incentives to families to adopt special needs children;

(4) States should allocate sufficient funds under this title for adoption assistance and medical assistance to encourage more families to adopt children who otherwise would languish in the foster care system for a period that many experts consider detrimental to their development;

(5) State should offer incentives for families that adopt special needs children to make adoption more affordable for middle-class families;

(6) when it is necessary for a State to remove a child from the home of the child's biological parents, the State should strive—

(A) to provide the child with a single foster care placement and a single coordinated case team; and

(B) to conclude an adoption of the child, when adoption is the goal of the child and the State, within one year of the child's placement in foster care; and

(7) States should participate in local, regional, or national programs to enable maximum visibility of waiting children to potential parents. Such programs should include a nationwide, interactive computer network to disseminate information on children eligible for adoption to help match them with families around the country.
